

Kowhai Kids In-Home Educare Newsletter

Our children have been showing a great interest in nature through going on nature walks, bug hunting and visiting the bee factory, we have made this our focus for the next couple of months. Through this interest the children will develop respect and a sense of responsibility for caring for their environment and pets, their physical health and wellbeing will be developed and they will learn to enquire, research, explore and discover their environment. We encourage lots of bush walks, scavenger hunts, gardening and playing in the mud!

The children had a fantastic trip to the Bee Factory they were able to get up close to the bees and see them in the hive. A few of the children were able to dress up as bees and bee keepers. They also made candles from the bees wax to take home 😊

Summer is finally on its way so our educarer's will be taking the children to the beach, there will also be lots of water play happening so please remember to pack an extra pair of clothes and remember to sunscreen your child every day.

We have had lots of new children start on our Kowhai Kids In-Home programme. We would like to welcome Phoebe, Justine, Rachel, Jessie, Sophia, Zacccheaus, Sita, Benjamin, Mason, Bradley and Sophie. We would also like to welcome our new educarer Lara.
